- Marketing and dealer support.
- Annual showroom refresh.
- Presidential Billiards will not dropship into an authorized dealer's territory.
- Discounted pricing on floor models.

WEBSITE REQUIREMENTS

Every dealer website has to comply with the company standards so we're all putting our best face forward. Your website needs to have a professional look and feel. The user experience is very important! All the images of Presidential products must be high quality and appropriately tagged with a title. Presidential offers lots of great shots, but you can also use professional quality images of your own making. Use the authorized Presidential logo wherever appropriate. If your website is not advanced, we encourage you to utilize a link to our Presidential Billiards website.

LEVERAGING SOCIAL MEDIA

Everyone is on some form of social media, so we work together to make it easy to get the most from it, for our products and your business. We recommend, with the permission of the home owner, taking lots of great photos of your installations & posting them on your favorite social media sites. If we use your images we will give you a credit of \$50.

SHIPPING

All orders are palletized and tendered to the freight company in good condition.

Pallets are photographed prior and after being shrink wrapped and loaded on the truck. Orders are shipped F.O.B from our New Caney, TX warehouse. Freight quotes with multiple carriers are done prior to the order shipping and the best rate with the best delivery time is selected, unless you specify which company you wish to ship with.

RECEIPT OF PRODUCT

Dealers are required to open and inspect the product on arrival. If the shipment appears to be damaged the dealer must indicate this on the bill of lading and take photographs of the pallets prior to disassembling them. Please be aware that there may be hidden damage as a result of shock and stress. If this is not done, then any replacement parts will be at the expense of the dealer. If at all possible, please do not refuse the shipment when the product arrives damaged as it often looks worse than it is. It is easier to replace components than to replace a full shipment when time is an issue. If there is freight damage to the product then photographs of the damaged components must accompany the request for replacement parts. We recommend that the replacement parts ship out with another order to minimize further freight damage.

SHORTAGES AND PRODUCT DAMAGES

Please verify the quantity of boxes received equals the quantity of boxes according to your packing list. If there is a discrepancy, please notify us immediately. If there is damage to a component, photographs need to be taken prior to assembly.

DROP-SHIPMENTS

All drop shipments will incur a 7% (minimum \$50) handling charge. We will not drop ship into a preferred dealers territory.

TERMS

Upon approval of credit, our terms are 30 days Net, prompt. No orders will be shipped if any invoices are showing past due.

METHOD OF PAYMENT

We accept a company check, wire transfer, ACH or credit card. If paying with credit card, then no other payment-related discounts will qualify.
